

# International Services

Silverton Bank is your partner of choice for International Services. As today's economic environment continues to rapidly globalize, the demand for efficient international funds transactions and settlement has grown tremendously. Our broad array of international services and products enables your financial institution to meet and exceed the needs of clients.

## Foreign Wire Transfers

The remittance of funds in almost any type of currency is handled quickly and efficiently through our extensive network of foreign correspondent banks. In addition, we can provide your customers complete payment instructions for receiving payments from foreign countries.

## S.W.I.F.T. Messaging

Silverton Bank is a member of the Society for Worldwide Interbank Financial Telecommunications (S.W.I.F.T.). Our association with S.W.I.F.T. allows us to send the most secure messaging and wire transfers throughout the world on behalf of our financial institution clients.

## Foreign Currency and Travelers Checks

Through Silverton Bank, you have the ability to offer customers foreign currency bank notes for international travel needs. Additionally, we provide travelers checks in most major currencies, plus, any unused notes or travelers checks are easily bought back at current exchange rates.

## Foreign Check Clearing

Our international check clearing service gives financial institutions the ability to collect on U.S. dollar checks drawn on foreign banks, in addition to checks drawn in other currencies. Clearing is done by Clean Collection or Cash Letter methods providing credit on a final or provisional credit basis.

## Foreign Drafts

We have the capability to issue drafts in all major currencies from around the world, giving you and your customers a reliable way to send payments to individuals or bank accounts overseas. Our foreign drafts also give your commercial customers an alternative payment method for goods provided by a foreign company.

## Foreign Exchange Advisory Services

With exchange rates fluctuating daily, Silverton Bank's foreign exchange specialists can help advise your institution with the hedging tools needed for protection against negative currency moves, thus helping your customers manage their foreign exchange risk.
